US Required Summer Reading

Research clearly demonstrates that summer reading is important in maintaining reading skills at every grade level. SCS Upper School summer reading will be assessed with a writing assignment and/or an objective assessment (at the discretion of the teacher) when all students return.

Attached is the list of books for the MS and HS required summer reading. Questions should be directed to Dr. Patton at drpatton@scswarriors.com.

School Board Update

The school board has been hard at work for the advancement of SCS during the 2018-2019. Please take time to read the attached report from the school board of their activities during this school year.

Supply Lists

Attached is the school supply list for upper school students. Elementary supply lists will be sent out in the next school communication.

Summer Bible Memory Verse Challenge

Every year we encourage our students, parents, and teachers to memorize Scripture over the summer. This is optional, but we believe hiding God's Word in our hearts will be worth the time and effort. Please let us know if your child is participating this summer, and call to schedule a time during the summer for your child to quote the verses. It is a true joy to hear students and parents quote their verses over the summer. See the attached Bible verses to know your child's grade level verse assignment.

Report Cards

Reports cards for all students were sent via email early this week and are available in ParentsWeb. Please contact the ES school office if you are an ES parent and have any questions or contact the US school office if you have MS or HS students.

Summer Office Hours

For the summer, SCS offices will be open Monday through Thursday, 8:30 a.m. – 3:30 p.m. The SCS offices on both campuses will closed Fridays. The SCS offices on both campuses will be closed July 1 – 5 in observance of Independence Day.
